** Daily rates are inclusive of all cost associated with providing personnel and equipment for chemical cleaning services.

No Bid: None

KEY (S) FOR RECOMMENDATION:

(1P) Recommended award to lowest responsive bidder(s) meeting specifications

(1S) Recommended award to second lowest responsive bidder(s) meeting specifications

(2) NO award, not "lowest" responsive bidder. Vendor is not being recommended for award due to the proposed equipment available to do the work and the proposed detailed plan on how chemical cleaning activities will be conducted cannot be used successfully in laterals and can dramatically increase chances for explosion and cutting through leachate lines.
