Title: Fuel, Biodiesel, Diesel and Gasoline
RETURN DATE: April 22, 2010, before 2:00 PM

Page TEC-1 of 4 BIODIESEL

Now Reads:

The fuel furnished by the bidder shall be Biodiesel which meets the specification of ASTM D 6751 manufactured from Palm oil. The fuel will be used in on road as clear diesel fuel and in off road as dyed diesel fuel. All fuel ordered will be Biodiesel B5 or Biodiesel B20. All delivery tickets and invoices must clearly state which blend of Biodiesel is being delivered. The vendor will be notified in writing a minimum of two (2) weeks (14 days) prior to any blend change.

Change to read:

The fuel furnished by the bidder shall be Biodiesel which meets the specification of ASTM D 6751 or D 7467. The fuel will be used in on road as clear diesel fuel and in off road as dyed diesel fuel. All fuel ordered will be Biodiesel B5 or Biodiesel B20. All delivery tickets and invoices must clearly state which blend of Biodiesel is being delivered. The vendor will be notified in writing a minimum of two (2) weeks (14 days) prior to any blend change.
