

ADDENDUM 1

Date: May 2, 2011
Subject: Invitation to Bid No. SWA 11-11/PF
Title: Conveyor Repair Parts and Belts
RETURN DATE: May 11, 2011, before 2:00 PM

This addendum replaces the Technical Specifications (pages TEC-1 of 4 through TEC-4 of 4). The specification for conveyor belt # 9 has been added. This addendum, along with the revised pages, must be acknowledged and returned with your bid. Failure to return this addendum will result in rejection of your bid.

A handwritten signature in black ink, appearing to read "Phillip Ford", written over a horizontal line.

TECHNICAL SPECIFICATIONS
CONVEYOR REPAIR PARTS AND BELTS
SWA Bid No. 11-11/PF

The purpose and intent of this invitation to Bid is to obtain a firm price for the purchase of new **CONVEYOR BELTS AND REPLACEMENT PARTS FOR A CONTINENTAL BIOMASS INDUSTRIES 4800 MAGNUM FORCE GRINDER**. The successful Bidder shall meet certain standards in supplying these conveyor belts and replacement parts.

1. Maintain an adequate inventory to delivery FOB to the Solid Waste Authority these conveyor belts and replacement parts as outlined in STC #40.
2. All conveyor belts shall come completely laced and ready for installation.
3. Provide the following replacement parts: take-ups, tail pulleys, rollers, return rollers, troughing rollers and head pulleys.

It is anticipated that conveyor belts #1, 2 7 and 9 will be replaced on an annual basis and will be inventoried at the Solid Waste Authority. All others will be replaced on an as needed basis with some critical belts kept in inventory by the Solid Waste Authority.

Bidders are requested to submit bids based on Manufacturers' Suggested List Price less a Discount or cost plus for all lines they are able to supply according to Bid Terms and Conditions. Lines not listed on Bid Proposal Pages should be included on a separate sheet.

Failure to notify Purchasing Services of a price increase or reduction prior to the effective date shown on the Price List may result in cancellation of their Contract.

All awarded bidders will be evaluated on a continual basis and items will be purchased from the bidder with the least total cost to the Authority at the time of order. The Authority will verify all invoices to assure contract compliance. Failure to submit Price Sheets/Catalogs/Data will be cause for disqualification for that item.

Any additions, deletions, or variances from the *Conveyor Belt Components List* following specifications must be noted. These specifications shall be construed as minimum. Should the manufacturer's current published data or specifications exceed these, they shall be considered minimum and shall be furnished. Specifications also require that the Bidder furnish descriptive literature, complete specifications and all other necessary data on the item he proposes to furnish. All units must be new, of current manufacture and carry warranty of a minimum one- (1) year duration. The successful Bidder must service all equipment prior to delivery.

These specifications are to insure the delivery of a complete unit ready for operation. Omission of any essential detail from these specifications does not relieve the supplier from the furnishing of a complete unit to the Authority.

ADDENDUM 1-TEC-1 of 4

Bidder must place a check mark next to either "Yes" or "No" for all specification components below, indicating Bidder's compliance or non-compliance, respectively. All "No" responses must be explained on the specification sheet or in a separate sheet clearly labeled, referencing the page and item number of the exception. Reference to product literature will not be accepted as an explanation of exceptions and may be cause for rejection of the bid.
