Together we can make a huge **#OneGreenThing** impact in our community!

This fun Earth Day craft is easy for kids to make using cupcake liners! Children can color in their mini planet Earth and place it in the center of their daisy craft as a reminder to take care of our planet “Mother Earth”.

### Materials Needed:

- Green Cardstock
- Blue Cardstock
- Crayons, markers, or colored pencils
- Scissors
- Glue
- White Cupcake liners
- Paper straws (green and white)
- Earth Template

**Instructions for Making Cupcake Liner Daisies:**

**Step 1:**

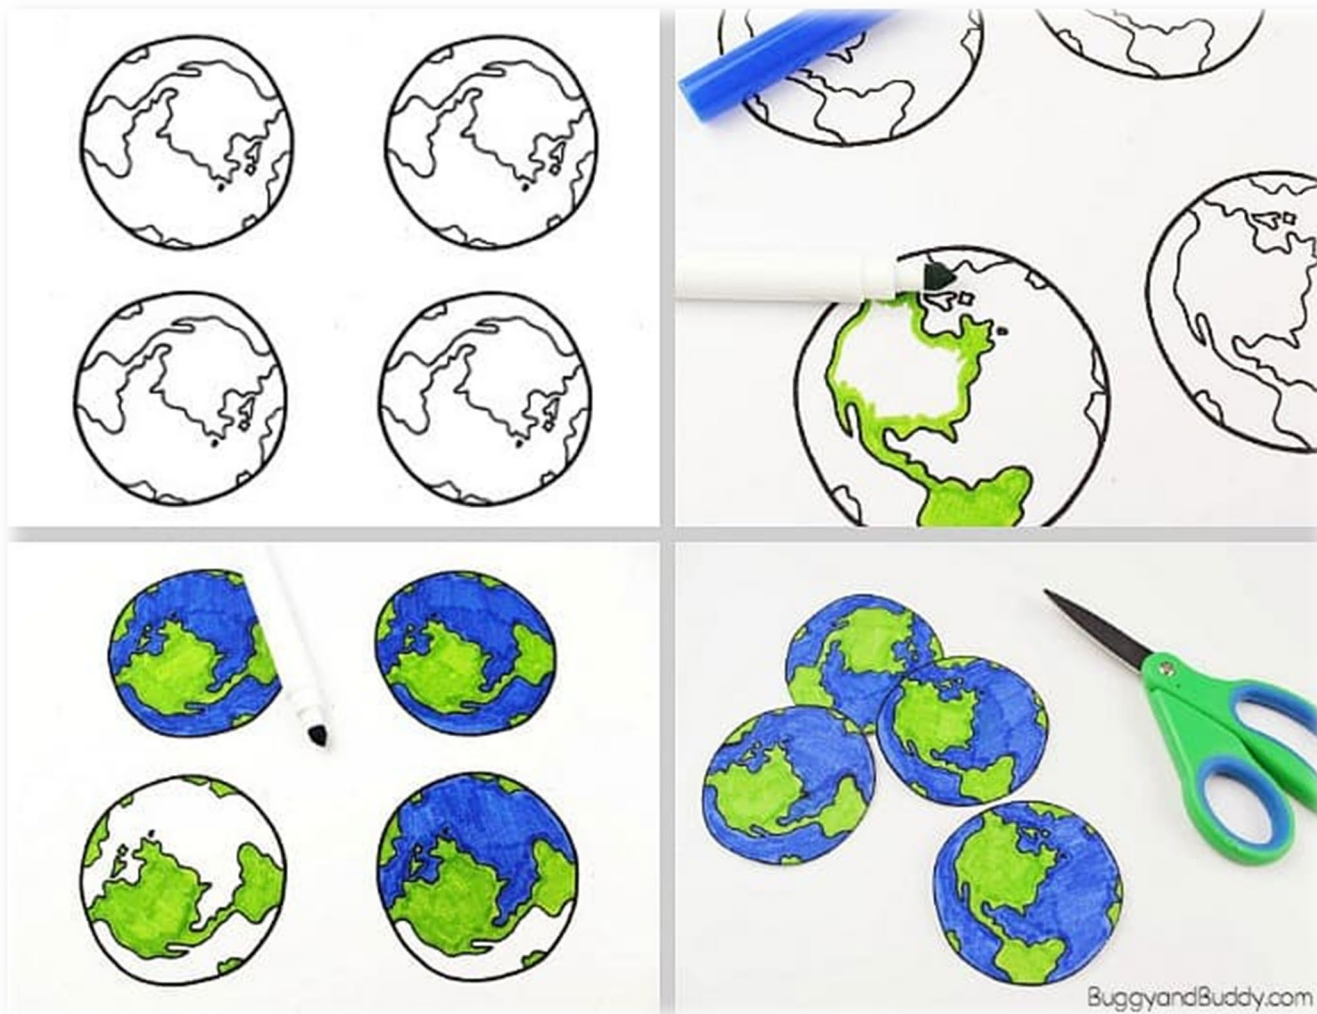

Print out the Earth template.

**Step 2:**

Use your markers, crayons or colored pencils to color the Earth green and blue.

**Step 3:**

Use scissors to cut each Earth template. (You will need one per daisy.)

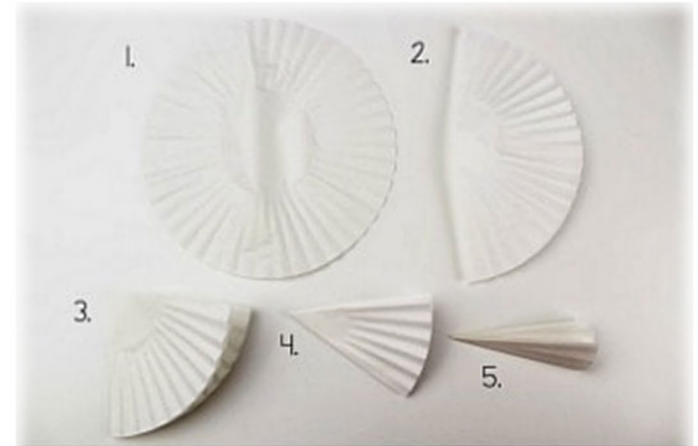

**Step 4:**

Cut out small leaves from your green cardstock or construction paper.

**Step 5:**

Flatten a white cupcake liner and fold in half. Fold the cupcake liner three more times. (See photo)

**Step 6:**

Round the top of the folded cupcake liner with your scissors.

**Step 7:**

Unfold the cupcake liner. Do this again with another cupcake liner.

**Step 8:**

Glue the two cupcake liners together, and then glue the Earth into the center of your white daisy.

**Step 9:**

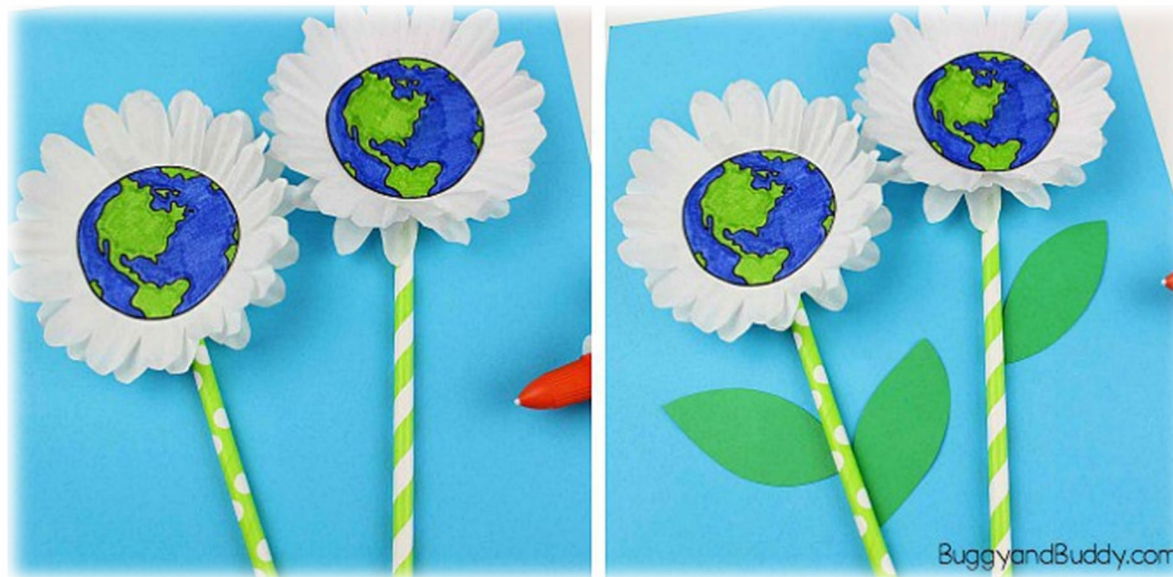

Glue a paper straw onto blue cardstock or construction paper.

**Step 10:**

Glue the flower onto the paper straw.

**Step 11:**

Glue leaves onto the cardstock, right against the paper straw.

That's it! You've made an adorable Earth Day daisy! These look beautiful hanging up around the home or in your office.

**HAPPY EARTH DAY!!!**

Stay tuned for our next Virtual Volunteer **#OneGreenThing** Opportunity!
