

# DIY Melted Snowman Craft January 2023

Celebrate with your friends and family by doing #OneGreenThing and try making your very own stylish, yet practical DIY Melted snowman Craft.

Let's get started:

- Fill out an SWA Volunteer Application online at [swa.org/Volunteer-Application](https://swa.org/Volunteer-Application)
- Let's go Virtual and do #OneGreenThing on social media
- **Select your favorite Social Media Channels**
  - 1.) Create your own Facebook post, like us on Facebook (see link below), then share your Virtual Volunteer project with SWA
  - 2.) Display your Virtual Volunteer project on Pinterest, create a pin, next share your Virtual Volunteer board via email to: [Lmoreno@swa.org](mailto:Lmoreno@swa.org)
  - 3.) Produce your own edited You Tube video (no more than 1-3 minutes) with a before, during and after sequence of your Virtual Volunteer project

Together we can make a huge #OneGreenThing impact in our community!

**This craft is a fun way to start off the new year!**

## **Materials Needed:**

- **White paper cup**
- **Craft foam (orange)**
- **Pom pom (large, color of your choice)**
- **Pipe cleaner (color to match pom pom)**
- **Googly eyes**
- **White tissue paper**
- **Glue**
- **Scissors**

### **Step 1:**

**Cut a carrot nose from your orange craft foam (you can also use construction paper). Set this aside for later.**

### **Step 2:**

**Take a few sheets of tissue paper, cut them into a circle – but make the edges wavy. We are creating a puddle of melted snow (well, water).**

### Step 3:

Take your pom pom and cut it in half. Be careful with the halves, sometimes cutting pom poms can cause them to fall apart.

Bend a piece of pipe cleaner into a U shape that will fit nicely between your two pom pom pieces.

### Step 4:

Glue a half of the pom pom onto each side of your paper cup. Make sure you use the cup upside down.

Once done, glue the pipe cleaner in between the two halves.

**Step 5:**

**Glue your googly eyes to the front of your cup. Allow these to dry. If you want a quicker drying time, you can use hot glue (with supervision, of course).**

**Step 6:**

**Add the carrot nose you cut out in step one, glue this below the eyes.**

**Take your “puddles” of tissue paper and glue them to the bottom of the snowman head (which is really the top of the paper cup).**

**Now, you have a melted snowman who will never completely melt away. He will stay with you through the whole season! Enjoy...**

Stay tuned for our next Virtual Volunteer **#OneGreenThing** Opportunity!
