Put those empty paper rolls to good use by making a mini town.

### Instructions for a Recycled Mini City:

#### Step 1:

Paint toilet paper and paper towel rolls in a variety of colours.

## Step 2:

Cut a rectangle out of construction paper and fold in half. Draw a pattern on your roof try zigzags or mini triangles.

## Step 3:

Draw a door on construction paper, cut out and glue to roll. Cut roll so that the door opens. Use patterned paper for the windows.

**Step 4:**

Attach tape to the inside of the roll (sticky side out) and affix roof.

**Step 5:**

Continue making as many mini buildings or houses as you like.  
Have fun and use your creativity!
