Note

In the event your check is returned for any reason, all Solid Waste Authority disposal facilities will be alerted that your check privileges are invalid. The Authority will notify you once your service has been reinstated. This process may take up to two (2) business days from the date your payment was received in our office. In addition, your credit status will be reevaluated to determine whether you still qualify to pay by check.

Agreement

I agree to be personally responsible for payment of any debts incurred by returned checks. I understand that I will be charged a fee of \$29.00 or 5% of the face amount of the check, whichever is greater, for any check not honored by my bank. I am aware that pursuant to Florida Statute 68.065, the Authority will file a civil action for three times the amount of the check, if the returned check is not paid in full within thirty (30) days of "notice of dishonored check". Additionally, the Authority may relate the incident to the State Attorney for criminal prosecution. Should the services of any agency or attorney be necessary to collect amounts outstanding, I agree to pay all costs of such collection, including a reasonable attorney's fee.

ATTENTION CUSTOMER:

RE: Vehicle Weigh Out

Effective October 1, 2013

Please be advised that if the Solid Waste Authority does not have a tare weight on file for your vehicle that the transactions will no longer be corrected as we had offered in past years.

Your driver is required to weigh out after disposing of debris at the sites. This information is indicated on the scale ticket in English and Spanish. On many occasions drivers have chosen to not weigh out and have taken the bypass scale resulting in a tare weight of zero and a much higher charge for the load. As a courtesy we have manually been updating these scale tickets to accommodate an average charge. Due to the administrative time involved, we can no longer provide this accommodation.

Failure of a driver operating a vehicle without a Solid Waste Authority disposal decal and neglecting to weigh the vehicle exiting the facility will result in your company being charged the total incoming weigh amount (vehicle and load combined). Your driver can obtain a decal for the vehicle by simply telling the weigh master upon entry to our facility that they need a decal and the driver will be instructed on procedures to follow accordingly.

Please meet and speak with your drivers regarding their responsibility upon entering and leaving our facilities.
